Bilateral Meetings

- I confirm to participate in b2b sessions block 1 on Thursday 10:30-12:10
- I confirm to participate in b2b sessions block 2 on Thursday 12:10-13:50

Description

Maritime startup based in Denmark providing safe and comfortable crew transfer for the offshore industries

Organization Type

Startup, Company

Areas of Activities

Technical cooperation

Subcontracting

Manufacturing agreement

Investment

Supply

Offer

Stabilizer systems for offshore crew transfer vessels

Based on our patented Airkeel technology, we at Dacoma design, build, test and install stabilizer systems, that damp roll motion of crew transfer vessels. With our system, the weather window of building, operation and servicing offshore installations, e.g. wind farms, can be extended by 12 %. Installation and service crew productivity can be increased by 20%. In addition, our Airkeel saves fuel.

Cooperation Offered

1. Shipbuilding
2. Maritime Innovations
3. Ship equipment

Cooperation Requested

- 1. Shipbuilding**
- 2. Maritime services**
- 3. Marine technology**
