

DBI Fire & Safety

<http://www.dbigroup.dk>

Bilateral Meetings

- I confirm to participate in b2b sessions block 1 on Thursday 10:30-12:10

Description

DBI is a Northern European leading Fire Test Institute based in Copenhagen, Denmark. For more than 35 years we have served leading maritime manufactures within the range of fire test (residence to fire as well as reaction to fire), plus smoke and toxicity test, etc.

Over the last 5 years more services from our department Advanced Service have emerged for the customer benefits of cost down analysis, re-engineering projects, data analysis to predict residence to fire reactions, fire related simulation, etc.
